

Mimecast Recognized as a Leader in Information Archiving by Top Research Firms

April 9, 2019

Radicati Group Positions Mimecast Highly for Innovation and Customers Success

LEXINGTON, Miss., April 09, 2019 (GLOBE NEWSWIRE) -- Mimecast (NASDAQ: MIME), a leading email and data security company, today announced it has been named a Leader in [The Forrester Wave™: Information Archiving Cloud Providers, Q1 2019](#) and a Top Player in the [Radicati Information Archiving - Market Quadrant, 2019](#).

According to the Forrester Wave, "Mimecast excels in customer support, user experience, and email protection", while the Radicati Group highlighted how Mimecast's integration of Security, Archiving, Protection and Continuity means archives are fully accessible even during email outages and archived data remains fully protected against email-borne threats.

Organizations trust the guidance of industry analysts to make informed decisions. The reports provide a detailed evaluation of information archiving cloud providers and show how each one measures up, helping enterprise architecture professionals select the best solution for their needs.

"IT and governance teams around the world are facing ever-growing demands to gain more insights from their data while maintaining compliance and looking for help to tackle this challenge," said Shane Harris, senior director of product management at Mimecast. "Thousands of our customers have transformed their approach to Archiving from legacy systems saving them time, money and maximize their IT resources. We have our customers to thank for all their great feedback on our next-generation product innovation, exemplary customer support, and advanced expertise across archiving, security and business continuity."

In order to build the most efficient, cost-optimized and risk-adverse solutions for our customers, feedback is essential. Mimecast [recently surveyed customers](#) asking them to share their experiences with Mimecast Cloud Archive and services in their own words.

When asked how likely Ken Gowling, an IT professional at Datacom Systems (NSW) Pty Ltd, would be to recommend Mimecast Cloud Archive he said "[I've not seen any other product that is as good as Mimecast for any environment.](#)" While, Deepak Vyas, an IT Specialist at City and Guilds of London Institute, noted that Mimecast Cloud Archive is "[Much more efficient than \[its competitors\] at e-discovery and simplified tools with granular modification.](#)"

On the heels of these new reports from Forrester and Radicati, Mimecast was also recently named a Leader in the [Gartner Magic Quadrant for Enterprise Information Archiving](#) for the fourth year in a row.

This industry recognition follows Mimecast's [recent acquisition of Simply Migrate](#), an innovative provider of archive data migration technology. This technology is engineered to further expand migration services for customers by helping to more effectively migrate data to the cloud – helping to reduce costs, safeguarding intellectual property, preserving institutional memory and accelerating E-discovery and archive compliance.
